Signs You Need to Replace Your Windows

Residential windows usually last between 15 to 20 years before they need a replacement. If you are unsure of whether your old windows need replacement, there are some signs of degradation that you can look out for such as;

- Rotting sills and frames
- Difficulty in opening and closing of windows as a result of warping
- A sudden surge in utility bills
- Drafts and cold spots near your windows

Why Choose Us for Your Replacement Doors and Windows?

In addition to the many years of experience, our products from Energy Shield Window and Door Company are engineered explicitly to suit Arizona's climate. Our products are designed to reduce noise, control dust as well as reflect heat. We also install, warranty and service all our products after selling, which makes for great customer service.

Replacement Windows Installation & Contractors in Sacaton, AZ

At Energy Shield Window and Door Company, we also offer energy-efficient windows and energy star rated-windows such as vinyl windows, wood windows, and aluminum windows that are installed to your specifications. These windows are all fitted with argon gas and high-performance low e-glass for efficiency. We offer the best deals on a wide variety of quality replacement windows, all of which are made to withstand the extreme Arizona heat to suit your needs and preferences.

Replacement Door Installation & Contractors in Sacaton, AZ

We also provide our customers with a huge selection of replacement doors. Because we know that first impressions are important, our entry doors are as stylish as they are affordable. Our metal security doors are constructed with an alloy of magnesium and aluminum which is much stronger and lighter than traditional steel security doors. We've even got your furry friends covered with our pet door options. Other types of doors we carry include vinyl and aluminum sliding glass doors, French doors, multi-slide doors, and patio doors. We also have folding doors for those who want to conserve space in the home interior. All doors are properly fitted to your door frames and come in a wide variety of colors to match any home decor scheme.

Replacement Plantation Shutter Installation & Contractors in Sacaton, AZ

At Energy Shield, we offer plantation shutters that are perfect for sliding glass doors as well as for standard and interior windows. Our plantation shutters are maintenance-free, which makes them Eco-friendly, and they also have fire-resistant properties. Our plantation shutters also come with an Energy Shield Lifetime Warranty.
