Reasons to Replace Your Windows and Doors

There are lots of reasons people replace house doors and windows here in the desert.

- If electricity bills have continued to increase, energy-efficient windows and doors can cut your costs by up to 25% per year, and eliminate drafty areas for greater comfort, and reduce your carbon footprint.
- Replacing old windows can improve your view and your home security.
- They reduce dust, which makes cleaning easier.
- Beautiful new windows and doors also increase your home's curb appeal, which means increasing your property values.

Energy Shield Doors

Why Peoria, Arizona Customers Love Us!

Energy Shield gets my highest possible recommendation. They manufacture, install, and offer financing for Energy Star certified windows and doors. I needed...

Replacement Window Installation in Peoria AZ

We are wood, aluminum, and vinyl replacement window manufacturers. Our experience as local Arizona vinyl replacement window manufacturers has shown that construction-grade virgin vinyl is a superior material for window framing in Arizona. It's one of only a few construction materials for windows that exceed minimum Federal standards. The best vinyl replacement windows are durable and highly energy-efficient, making them exceptionally cost-effective.

Plus, by working with a local manufacturer, you benefit from closer management of quality assurance and you're supporting local jobs.
